

**Major Hospital Cuts Threatened**

# **Save Our Services!**

## **Public Meeting**

### **Wednesday February 25, 7 p.m.**

**Royal Canadian Legion, Br. 25 (Main Hall)**

**96 Great Northern Road, Sault Ste. Marie**

The Sault Area Hospital is facing major direct care cuts. These cuts are severe and will hurt our community and our patients. They include:

- 20 acute care beds to be closed.
- Total of 56 beds to be closed even though the hospital is full to over-capacity on a regular basis.
- More than 59,000 nursing and direct patient care hours per year to be cut from departments across the hospital, including the operating room, the intensive care unit, oncology, surgical, hemodialysis, infection control as well as patient care coordinators, personal support workers and others.

**Together we can stop the cuts!**
